THE CCBC DIFFERENCE

Guaranteed transfer
CCBC grads start here and finish at public and private colleges and universities near and far. Many take advantage of guaranteed admission to schools within the University of Maryland system. Graduate from our Honors program and you’ll enjoy even greater distinction and transfer selection—not to mention scholarship opportunities.

Impressive results
Recognized as one of the nation’s top associate degree-producing colleges, CCBC readies students to achieve whatever goals they set. Our grads historically perform as well as or better than native students wherever they transfer. CCBC students also consistently exceed national averages on professional certification exam pass rates and employment.

Good company
With fewer than 10 percent of CCBC students considered “traditional age,” the majority are in their twenties, thirties, forties, fifties and better! Plus, CCBC has been recognized for the past three years as military friendly, enrolling more than 1,200 veteran and military-connected students from throughout the Baltimore region.

Easy fit
Days. Evenings. Weekends. On campus, online or both. CCBC makes it easy to build a schedule that works for you. That’s an extra advantage when you’re working your way through school or balancing other areas of your life.

THAN ONE WAY TO GET WHERE YOU’RE GOING. OR DETOUR AND STILL REACH YOUR DESTINATION. DISCOVER THINGS YOU HAVEN’T IMAGINED.

Challenging academics
If you’re up for the challenge, the CCBC Honors program will immerse you in a sophisticated classroom experience. Those admitted to the program earn at least a partial scholarship, the guidance of an assigned faculty mentor, and are eligible for a 10-week paid residential research program at Johns Hopkins University. ccbc.edu/honors
