Articulation Agreement

The following Articulation Agreement has been developed for students in the Baltimore County Public Schools who plan to continue their education at the Community College of Baltimore County. The Agreement describes articulated programs that build on Baltimore County Public Schools' approved learning experience with the goal of eliminating duplication of instruction. This Agreement commences with the 2017-2018 school year and includes some provisions unique to the graduating class of 2018.

It is understood by the parties that no funds will be exchanged in furtherance of this Agreement, and that it may be terminated by either party at the end of the 2017-2018 school year.

NON-DISCRIMINATION STATEMENT

Baltimore County Public Schools does not discriminate on the basis of race, ethnicity, gender, age, national origin, religion, creed, disability, socio-economic status, marital status, pregnancy, political belief, or sexual orientation, and does comply with the Title VI, Title VII, Title IX, and Section 504 of the Rehabilitation Act of 1973 in all of its educational programs. All courses are open to both male and female students.

EQUAL OPPORTUNITY AND AFFIRMATIVE ACTION STATEMENT

“The Community College of Baltimore County practices equal opportunity in education and employment and is strongly and actively committed to diversity with the college community.”

About this Agreement

The following pages contain comparisons of Baltimore County Public Schools (BCPS) Career and Technology Education program sequences with introductory courses at the Community College of Baltimore County (CCBC). Faculty from the BCPS and CCBC meet regularly to compare knowledge and skills taught in the high school programs with those taught at the introductory level in the college programs. High school students who achieve at the appropriate levels in the high school programs listed in this document may request credit for documented achievement when they enroll in the Community College of Baltimore County.

The advanced placement earned through BCPS articulated career and technology programs allows students to move more quickly through the community college. Successful completion of articulated programs will also offer opportunities for students to begin their careers earlier and save hundreds of dollars in college tuition.

This agreement describes the guidelines and procedures for awarding credit, and the responsibilities of the high schools and the College for maintaining this agreement.

The specific program sequences that meet the articulation criteria are listed.

Guidelines for Awarding Articulated High School Credit

The Community College of Baltimore County (CCBC) agrees to grant college credit to high school students who successfully complete a specific Career and Technology Education (Career Completer) program or Junior Reserve Officer Training Corps (JROTC) in the Baltimore County Public Schools (BCPS). The articulated Career and Technology Education (CTE) program sequences and courses are identified in this Agreement. A student will be awarded credit based on the Agreement in effect at the time of graduation. **BCPS students must successfully complete a minimum of four high school credits in a CTE career completer program of study required for articulated credit.**

Articulated Credit Criteria

- The student must complete the high school CTE program or JROTC sequence of study and the specific courses identified with a **technical Grade Point Average of B or better**.
- The student must register for a course at CCBC within three years of high school graduation. A student seeking articulated credit after the three-year limit should work with the College Program coordinator to consider other opportunities for credit for prior learning.
- The approved articulated credit will be posted to the CCBC transcript upon receipt of the high school transcript and the student's enrollment in the Community College of Baltimore County. The high school counselor or other designated school official should send the student's final transcript and home address to:

CCBC Career Pathways Office, ADMN 215F
7201 Rossville Blvd. Baltimore, MD 21237
ATTN: Emilie Cherry

- A student unable to make satisfactory progress in a higher-level CCBC course in the areas for which articulated credit is awarded may, at the recommendation of the instructor, be required to complete a lower-level course.

Implementation Procedures for: Baltimore County Public Schools

- Communicate the details of the Articulation Agreement to high school principals, teaching staff, professional school counselors, work-study coordinator, parents, and students.
- Implement procedures for a CTE teacher or school counselor to send the student's high school transcript and home address to the CCBC CTE office, above.

Implementation Procedures for: Community College of Baltimore County

- Develop advisement procedures for new students from BCPS enrolled in programs with articulated credits.
- Develop procedures to connect program coordinators and students with articulated credit during their first semester at CCBC.
- Produce tracking reports of enrolled students with articulated credit.
- Parallel Enrollment Program (PEP): Students concurrently enrolled in high school and CCBC classes are eligible to receive articulated credits upon successful completion of their Career Completer program of study.

Additional Clarification

1. While students are expected and encouraged to continue their education and training in the CTE program of study at CCBC that articulates with their BCPS program, it is not a requirement. Many factors contribute to a change of major for students and that will be honored by CCBC. Therefore the agreement does not require program-to-program continuation as a condition for the receiving of articulated credits.
2. CCBC will determine how the articulated credits will apply toward certificate and degree requirements, i.e., requirement for graduation, elective.
3. CCBC does not determine how articulated credits are received by 4-year colleges and universities. That decision is made by the 4-year institution. In some cases, articulated credits from high school may not be accepted by 4-year institutions.
4. Students meeting the requirements for articulated credits at CCBC will be awarded those credits whether attending full time or part time.
5. Should a BCPS Career Completer program of study be discontinued, students successfully completing the requirements in that program will still be awarded articulated credit.

Articulated Agreement Maintenance, Review, and Reporting

The following procedures are suggested to provide an objective means for assessing the success of the articulation activities:

- A Coordinating Committee composed of CCBC representatives and one representative from BCPS will meet once every year to review the articulation agreement guidelines and implementation procedures and recommend changes, if necessary.
- CCBC and BCPS program coordinators may suggest new areas for articulation. It will be their responsibility to schedule periodic meetings of faculty members in programs where articulated credit has been awarded to review curricula and to make recommendations for awarding articulated credit.
- CCBC will complete an annual report at the end of the academic year indicating the number of students who receive articulated credit and the high schools the students previously attended. A copy of this annual report will be sent to appropriate administrators at BCPS.
- Revisions to applicable course syllabi at any of the participating schools or CCBC will be sent to appropriate department heads and program coordinators.
- Appropriate administrators of BCPS and CCBC will review the Articulation Guidelines annually.

Revised 6/17

Career & Technology Education

...Education for a Lifetime!

Career and technology education (CTE) programs of study provide high school students with:

- ✓ Academic subject matter taught with relevance to the real world.
- ✓ Workplace, personal, academic, and technical skills.
- ✓ Educational pathways that help them explore interests and careers.
- ✓ Pathways that include four-year college degree programs, community college certificate/associate degree programs, registered apprenticeship, and industry certification.

Education for a Lifetime

CTE programs provide students with BOTH relevant career skills AND rigorous academic skills.

Did you know...?

- ✓ You will be prepared for both college AND careers?
- ✓ You may receive FREE college credit by successfully completing a CTE program?
- ✓ You may be eligible for industry credentials and related scholarships?
- ✓ Your home high school may have a program of study in a career pathway that is of interest to you?

35.0310	Principles of Business Administrations and Mgt.	1
35.2000	Principles of Accounting	1
35.2010	<i>or</i> Accounting I	1
35.0510	Advanced Business Mgt.	1
35.1400	Business Capstone	1
	<i>or</i> College Course	1
	<i>or</i> Internship	1
	<i>or</i> AP Economics	1
15.1400		

Business Management		
MNGT 101	Introduction to Business and Industry	3
MNGT 105	Principles of Management	3
ACCT 101	Principles of Accounting	3
*ECON 201	Intro to Macro-Economic Principles	3

***Only students who complete AP Economics will receive credit for ECON201**

In addition, students who pass the MOS Word Exam will earn credit for CSIT130; Students who pass the MOS Excel Exam will earn credit for CSIT 132; and students who pass the MOS Access Exam will earn credit for CSIT134

MOS Examinations		
CSIT130	Comprehensive Word Proc.	3
CSIT132	Comprehensive Spreadsheets	3
CSIT134	Comprehensive Databases	3

BCPS students must successfully complete a minimum of four high school credits with a cumulative technical grade point average of B or better in the CTE career completer program of study to receive articulated credit.

Engineering Transfer		
ENSC 101	Introduction to Engineering Design	3

In order to receive articulated credit, students in a PLTW-certified course must achieve a grade of 85% or higher in each course and a 70% or higher on the PLTW end-of-course exam. The student must present their Capstone Project for review.

And

Students also have the option of receiving transcribed (graded) credit; contact Taylor Kidd at tkidd@ccbcmd.edu for details. To arrange a review, contact:

Taylor Kidd
443-840-4096
tkidd@ccbcmd.edu

BCPS students must successfully complete a minimum of four high school credits with a cumulative technical grade point average of B or better in the CTE career completor program of study to receive articulated credit.
