MAGNETIC RESONANCE IMAGING

Welcome

Thank you for your interest in the CCBC Magnetic Resonance Imaging Program. Magnetic resonance imaging (MRI) is a technique that uses a magnetic field and radio waves to create detailed images of the organs and tissues within your body. Through a combination of classroom and clinical education, students in the Magnetic Resonance Imaging program learn to:

- Operate a Magnetic Resonance Imaging Scanner
- Position patients for MRI procedures
- Deliver quality patient care

Program Description

- The Magnetic Resonance Imaging program is a Selective Admission Program and enrollment in this program is limited by the availability of clinical facilities.
- This is a 9 month program which is offered once per year beginning in the fall semester.
- Optional clinical modules are offered for students at a variety of clinical facilities. Any student who registers for any of the clinical modules must complete the entire module. Students who choose not to register for clinical prior to the start of the program are ineligible to do so after the program start date.
- The program is offered once per year.
- There is a limited number of students accepted for each class based on availability of clinical placement and community need.
- The MRI program intends to use a scoring rubric based on required and requested documentation and student experience in lieu of a lottery system. A lottery system may still be used to differentiate students with similar scores.

Application Deadline

January 1st – April 30th for a fall start

Admission Criteria

The following must be uploaded to the CCBC CAS application BY THE ADMISSIONS DEADLINE:
• A copy of your national certification in Radiography from the ARRT (non-expired).
• A copy of your state of Maryland professional license in Radiography (non-expired).
• A copy of a valid CPR card – healthcare provider from American Heart Association only (must keep CPR current throughout program; non-expired BLS Provider - mandatory).
• The enclosed and completed employer reference form, even if you do not have work experience in MRI.
• For MRI applicants, a copy of your ARRT certification in CT, if applicable.
• For 2nd year Radiography program students, the enclosed Registry-eligible Verification form.
• Signed MRI Technical Standards form - mandatory.
• Three electronic evaluations (references) are required to be submitted through the CCBC CAS application.
• Essay – submitted as the answer to a question in the CCBC CAS application.

A 2.00 CCBC GPA is required for any courses completed at CCBC.

Electronic Evaluations
1. If you graduated from a Radiography program within the last 12 months, one evaluation must be from that program’s Program Director or Clinical Coordinator.
2. One evaluation must be from current or recent direct supervisor/employer.
3. One evaluation should be a professional recommendation from an employer/supervisor or instructor.
4. A 4th may be requested by applicant if they choose.

Where to Apply
Applications for this program are found in the CCBC CAS at https://ccbc.liaisoncas.com/applicant-ux/#/login.
Additional application instructions are found at www.ccbcmd.edu/cas.

This program does not require official transcripts. All required documents must be uploaded to the CCBC CAS.

Admission Response
Admissions decisions are emailed to students approximately 6 to 8 weeks after the application deadline.
Following Admission

Once admitted into the program, students receive information from the program coordinator by way of email. Topics such as uniforms, textbooks, medical information (physicals, immunization, and health insurance requirements), criminal background checks, drug screening, and required software and/or other materials are covered in a series of emails and attachments that contain directions to fulfill requirements needed before the start of the program. Please follow all directions very carefully and meet all required deadlines.

The Magnetic Resonance Imaging program conducts a mandatory clinical orientation class before the start of the program. Students are also required to attend the SHP New Student Orientation that is held in either August.

FINANCIAL INFORMATION

Magnetic Resonance Imaging students will spend approximately $300.00 for textbooks throughout the program. In addition to textbooks, students also need to purchase student uniforms. Prior to starting clinical education, MRI students must have a medical examination performed by their personal physician along with up-to-date immunizations. This medical cost will vary.

Criminal background checks and drug screening will cost approximately $100.00, and online mandatory education each year will cost approximately $15.00 a year. A student clinical tracking software is also required, which has a one-time cost of approximately $75.00 – 100.00.

Who to Contact

Academic Advising – Advising is available at all campuses and extension centers. For the Essex campus call 443-840-1971 or visit the Student Services Center room 120. The hours, addresses and phone numbers for all sites can be found by calling 443-840-2222 or online at http://www.ccbc.edu/Resources-for-Students/Academic-Advisement/Contact-an-Academic-Advisor.aspx.

Program Coordinator - Mrs. Debbie Lam at 443-840-2015 or dlam@ccbc.edu
School of Health Professions Office of Admissions at 443-840-1989 or email shpseat@ccbc.edu
Employer Reference Form

Complete and upload to your CCBC CAS application even if you have no work experience.
Applicant’s Name ________________________________________________
CCBC ID# _______________________
Applying for which session: January 20______ July 20______

How many months working in CT and/or MRI as a technologist? ________________
(Do not include school or volunteer experience or non-technologist positions.)

Please document all CT/MRI technologist work experience for at least 12 months. Have your current (and past) supervisor(s) fill out the form below:

| I certify that the above individual has worked at __________________________ for ____ months as a CT Technologist only OR MRI Technologist only |
| Signature ____________________________ |
| Title ____________________________ |
| Print name ____________________________ Date ______________ |
| Phone # ______________ |

| I certify that the above individual has worked at __________________________ for ____ months as a CT Technologist only OR MRI Technologist only |
| Signature ____________________________ |
| Title ____________________________ |
| Print name ____________________________ Date ______________ |
| Phone # ______________ |
Registry-Eligible Verification Form

I, ________________________________, certify that ____________________________________________ is currently a second year Radiography student enrolled at _______________________________.

(Name of program director)

(Name of Radiography student)

She/he will be eligible to sit for the American Registry of Radiologic Technologists certification exam and obtain a State of Maryland license in Radiography before the MRI program classes start in Fall 20 ____.

MRI PROGRAM TECHNICAL STANDARDS

A. PERFORMANCE OF THE DUTIES OF THE MRI TECHNOLOGIST ENCOMPASSES THE FOLLOWING:

1. Technical Skills:
   - The ability to operate the MRI scanner, coils and equipment to perform diagnostic procedures in a manner consistent with MRI safe practices and maximum image quality.
   - The ability to evaluate and interpret requests for MRI procedures and determine the best method of achieving optimal image results.

2. Physical Requirements:
   a. Sufficient strength and fine motor coordination to:
      - Lift 25 pounds for short distances
      - Pull and push heavy objects
      - Assist in moving patient from stretcher, wheelchair, or bed to and from MRI table
      - Manipulate MRI coils/table and accessory equipment
      - Reach equipment at heights greater than 6 feet
   b. Adequate eyesight to:
      - Observe the patient’s condition
      - Read MRI computer screen/imaging equipment
      - Evaluate MRI images for appropriate image quality
   c. Sufficient hearing to:
      - Respond to patient’s verbal inquiries
      - Communicate with other personnel involved in the care of the patient
      - Initiate timely response to audible alarms and signals

3. Interpersonal Skills:
   - Work in a professional manner with patients of all ages, races, creeds, and physical conditions while maintaining and respecting patient confidentiality.
   - Work with newborns, children, adolescents, adults and geriatrics in a safe and helping manner.
   - Communicate and receive written and verbal instructions and carry them out using proper channels of communication.
   - Use accurate verbal and written communications in English to:
     - Interpret clinical data
     - Obtain and document relevant clinical information
     - Comprehend and carry out physician requests
     - Provide patient/public education related to MRI procedures and safety

4. Intellectual Ability and Emotional Stability to:
Exercise independent judgment and discretion in the technical performance of MRI procedure
Perform mathematical problems quickly and accurately
Work efficiently in stressful situations
Complete program requirements
Pass the National Registry Examination in MRI

B. WORKING CONDITIONS:

- Works in an air-conditioned environment with minimal exposure to noise and humidity
- Is constantly bending, pushing, lifting, walking, moving heavy objects, talking on the phone and talking with physicians
- Has frequent exposure to blood and body fluids from patients
- Has frequent exposure to a strong magnetic field

MRI ACKNOWLEDGEMENT FORM

I have received a copy of the “Technical Standards” of the CCBC MRI Program. I have read these “Standards,” have had an opportunity to ask questions about them and now, to the best of my ability, understand them.

I believe I am capable of meeting the “Technical Standards” of the CCBC MRI Program.

The college does not discriminate on the basis of age, race, color, national origin, sex or handicap in its education programs or with regard to employment. The college further ensures that the applicant to the Radiography Program will not be discriminated against on the basis of past or current health problems or handicap provided that neither endangers the well-being of a patient or fellow student hinders the applicant’s ability to perform the functions required of a Radiographer. Consequently, applicants will be required to take a physical examination and submit the results.

Inquiries regarding affirmative action may be directed to CCBC, Affirmative Action Office, 7201 Rossville Blvd., Baltimore County, Maryland 21237, Affirmative Action Officer, (443) 840-4631.

Inquiries regarding the Rehabilitation Act of 1973, Section 504, Title IX, may be directed to CCBC Essex, 7201 Rossville Blvd., Baltimore County, Maryland 21237, Director of Disability Support Services, (443) 840-1878.
