

Program of Study or Catalog Year Change Form

Before you change your Program of Study, Area of Concentration or catalog year, carefully review the program requirements in the CCBC catalog and meet with an academic advisor or program coordinator.

Credits earned at CCBC or credits transferred from another institution may not be applicable to the new academic program. Request a re-evaluation of your non-CCBC transcript(s) for the new Program of Study. If your new Program of Study did not exist in the declared catalog year, the program will be updated to the current catalog year.
