- Programming
- Design
- Knitting
- Shopping 😊

Interesting Facts

- My favorite flavor of ice cream is salted caramel.
- I love to draw.
- I can knit a pretty mean scarf.
- I can mend and sew.

What has helped you succeed so far at CCBC?

After I transferred to CCBC, I reconnected with a friend from high school who was greatly involved with student life at CCBC. She recommended that I join the Honors Program and apply to be either a Student Life Ambassador or FYE Mentor. I've met a ton of new people who have really helped me plan out what I want to do after graduation.

Why did you decide to become an FYE Mentor?

I've always been a little shy, but recently I've been trying to push myself out of that norm. I thought that becoming a mentor would help to break me out of my shell, and so far, I've met a lot of great people. But aside from that, I love to help people! I'm really excited to be a part of such a great program and can't wait to meet my mentees! 😊
