HIGH SCHOOL DIPLOMA OPTIONS

Students have two options for earning their high school equivalency. After you complete placement assessments in reading and math, our advisors will help you choose the option that is right for you. The two options are:

- **GED® Test** – Students take skill building and test preparation classes at CCBC to prepare to take the GED®, the high school equivalency test. Classes are offered throughout the year both online and in-person at CCBC's Catonsville, Dundalk, Essex and Owings Mills locations. Placement assessments are used to determine the appropriate class level for new students.
- **National External Diploma Program® (NEDP)** – Maryland state-approved method to earn a high school diploma. NEDP® is designed as a self-paced program for adults that takes between 6 and 15 months to complete. There is no instruction, but there is ongoing guidance and support through weekly appointments with trained CCBC staff. All work is completed through online assignments.
