# LPN TO RN BRIDGE PROGRAM

## Welcome

On behalf of the School of Health Professions, thank you for your interest in CCBC's LPN to RN Bridge Program. The LPN to RN Bridge course is offered as a traditional 12-week face-to-face program on the Dundalk campus. Students who successfully complete the LPN Bridge course are permitted to join the RN program (traditional day program) at the beginning of the second year of the RN program. The LPN to RN Bridge course is also offered in a blended format each spring. Upon successful completion of this course students are permitted to join the RN program at the beginning of the second year. These RN courses are also offered in the blended format.

Please carefully review the information contained within this guide to ensure you have completed all steps required for admissions consideration.

I wish you the best with submission of your admissions application.

Sincerely,

Cheryl J. McNamara, D.N.P., R.N. Program Director

## Program Description

The LPN to RN Bridge program is designed as a pathway for licensed practical nurses to transition into the registered nurse program. Applicants must have a valid Maryland LPN license. Students complete prerequisite courses and apply for admission. The bridge course is provided on the Dundalk campus and offered each fall, winter and summer. Upon successful completion of the bridge course, students articulate into the third semester (second year) of the RN program.

Application to the School of Health Professions (SHP) is a separate and competitive process from admission to CCBC. An outside vendor is used to manage the applications. This vendor is the School of Health Professions Central Application System (SHP CAS). CCBC and the SHP CAS are separate systems and do not share information. Two sets of transcripts must be sent to apply, one to the SHP CAS and one to the CCBC Registrar. Send inquiries to [shpseat@ccbcmd.edu](mailto:shpseat@ccbcmd.edu).

## Admission Response

Admissions decisions are emailed to applicants approximately 6 weeks after the application deadline.

Applicants who are offered a seat in the program and choose to accept that seat, are required to pay a non-refundable \$200 seat fee to accept their offer of admission and reserve their space in the RN programs or the LPN to RN Bridge program. The fee will be applied to the student account after the first several weeks of class. Students who accept a seat and then do not attend the program will not be eligible for a refund of the fee.

## Post Admission

Applicants should be aware that the following items will be required to progress in the clinical/practicum components of the program. Further information will be provided by the program director.

Provide proof of current CPR certification at the Healthcare Provider Level. If you need information about CPR courses, (<https://cpr.heart.org/en/cpr-courses-and-kits/healthcareprofessional/basic-life-support-bls-training>);

- Proof of a recent physical examination with current immunizations, including COVID19;
- Proof of current health insurance; • Criminal background investigation; and
- Drug screening.

## Important Information

- The nursing program highly recommends that applicants complete all required non-nursing courses before entering the program.
- Students accepted into the LPN-RN Bridge program are required to complete all courses in the RN program, even courses taken during a previous unsuccessful RN admission.
- In order to progress through and graduate from the nursing program, students must successfully complete all courses with a grade of "C" or better.
- If an applicant earned a D or F grade as the last grade in a course used for admission consideration, even if the applicant is currently enrolled in the repeat, the applicant is not eligible to apply for the nursing program. The applicant must first replace the D or F grade with a passing grade. Once the new grade has been posted on the applicant's transcript, then the applicant will be eligible to apply during the following admission cycle.

- Applicants who have failed out of a nursing program or have earned two failing grades in another nursing program are not eligible to apply for admission to the CCBC RN program for a period of 3 years, counting from the semester of the failure.
- Applicants who have a W, D or F in a Nursing course at another school, taken within 3 years of the CCBC program start **MUST submit a letter or email** directly from that program's Director stating that they are in good standing with the previous program and could return to that program to continue enrollment.

## Transition Course Failure

If students are unsuccessful in the LPN to RN Transition course on the first attempt, they will NOT be permitted to repeat the course. These students may apply for admission to the RN program, and if accepted, will begin the RN program with the first course.
