Course Requirements

Grading procedures will be determined by the individual faculty member but will include the following:

Evaluations of student progress will be evenly spaced over the course of a semester, culminating in at least four independent measures of student performance (not including attendance and class participation).

Grading/exams

- At least two tests or exams; one may be administered as a comprehensive final exam.
- Required participation such as oral reports, discussion, or peer instruction.
- A written and or oral semester project that incorporates a term paper consisting of a financial analysis or case.
- Required homework and / or case study assignments.

Written Assignments: Students are required to use appropriate academic resources. A semester written project (noted above), worth at least 20% of the total course grade, will be required for students to demonstrate at least 5 of the 7 following General Education Program outcomes:

1. Written/Oral Communication;
2. Critical Analysis and Reasoning;
3. Technological Competence;
4. Information Literacy;
5. Scientific and Quantitative or Logical Reasoning;
6. Local and Global Diversity; and
7. Personal and Professional Ethics.

Other Course Information

Students can earn credit for ACCT 257 or MNGT 257 but not both courses.
