

Course Outline

SPCM 191-194

Special Topics: Communications

1-6 Semester Hours

The Community College of Baltimore County

Description

Communications

Explores subjects outside the traditional areas of Communications, Computer Graphics and Visual Communications, and Interior Design; covers important topics not addressed in other SPCM, CVCP, or INTD courses. Each special topics course may run for a total of three semesters. Students should consult with an advisor or program coordinator to determine transferability and/or applicability to curriculum requirements. Information is available through the Liberal Arts Division offices and the Counseling Center.

Prerequisite: Prerequisites (if any) will be determined for each course by the coordinator of the program. 1-6 credits; 0-6 lecture hours and 0-12 laboratory hours per week.
