

Common Course Outline
CADD 251
Computer-Aided Civil Applications
3 Credits

Community College of Baltimore County

Description

CADD 251 – Computer-Aided Civil Applications Management introduces students to CAD civil engineering techniques and applications through the use of a customized package; includes subdivision design, grading, roads, parking lots, drainage, sewerage, water mains, erosion and sediment control, earthwork quantities (cut and fill), and cost estimation.

3 Credits: 2 lecture and 2 laboratory hours

Prerequisites: CADD 101, or written permission from the CADD coordinator.

Overall Course Objectives

Upon completion of this course students will be able to:

1. create point, surface and line, and curve data;
2. set lot creation defaults;
3. calculate a grid, Earthworks volume, a Section volume, and a Composite volume;
4. work with point, default, and contour data;
5. calculate runoff and graphical peak discharge;
6. use pond design tools to design a pond;
7. draft, design, edit, analyze, and station a centerline;
8. create a profile;
9. design a cul-de-sac with transitions;
10. create a 3D grid of a roadway;
11. superelevate a roadway design; and
- 12.** place and annotate ground cover and individual plantings.

Major Topics

- I. Softdesk Project and Drafting Environment
- II. Point Data
- III. Line and Curve Data
- IV. Surface Data
- V. Lots, Figures, and Parking
- VI. Site Volumes
- VII. Hydrology

- VIII. Roadway Design Process
- IX. Roadway Volumes
- X. Cul-de-sacs
- XI. Slope Control and Superelevation

Course Requirements

Grading procedures will be determined by the individual faculty member but will include the following:

Grading/exams

- Portfolio including a minimum of three graded exercises
- A minimum of three tests
- One comprehensive midterm and final examination (Two examinations)

Written Assignments: Students are required to use appropriate academic resources.

Other Course Information

This course an elective course in the CADD curricula. This course is taught in a computerized environment.

Offered spring semester only.
