

Course Outline
ENVS 191 - 196
Special Topics: Environmental Science
3 Semester Hours

The Community College of Baltimore County

Description

Special Topics: Environmental Science

Explore issues or topics either outside the traditional areas of environmental science, or which are not addressed in other ENVS courses.

Prerequisite (if any) will be determined for each Special Topics course.

Overall Course Objectives

Specific course objectives will depend on course content.

Major Topics

Specific topical outline will depend on course content.

Course Requirements

Grading procedures will be determined by the individual faculty member but may include written or oral exams, completion of written assignments or papers, and participation in class discussion and group activities.

Other Course Information

ENVS 191-196 serves as an elective in the A.A.S. degree and certificate programs in Environmental Science and Technology.

Date Revised

9/15/00
