

Course Outline
ENV 291-294
Independent Study in Environmental Science
3 Semester Hours

The Community College of Baltimore County

Description

Independent Study in Environmental Science

Affords the student an opportunity to select a topic or issue of specific interest and pursue an independent study experience.

Prerequisite: ENVS 101 and permission of program coordinator.

Course Objectives

Specific course objectives will depend on course content.

Major Topics

Specific topical outline will depend on course content.

Course Requirements

Grading procedures will be determined by the individual faculty member as appropriate based on prior practice and experience.

Other Course Information

ENVS 291-294 serves as an additional course option in the A.A.S. degree and certificate programs in Environmental Science and Technology.

Date Revised

9/15/00
