

Common Course Outline
PEIA 135
Bowling
1 Semester Hour

The Community College of Baltimore County

Description

Bowling

Provides introductory motor skills through a beginning level ten-pin bowling course. Covers spot bowling and converting strikes and spares; keeping score and selecting proper equipment. Offered at a local, off campus site.

Overall Course Objectives

Upon successful completion of this course the student will be able to:

1. Demonstrate the standard bowling stance, approach and delivery used in 10 pin bowling.
2. Analyze the advantages of the “spot” bowling method.
3. Analyze the “strike marker system” for spare conversions.
4. Compute his/her bowling score, average, and handicap for team scoring and placement.
5. Discuss the advantages of a “hookball” versus the straight, curve and back-up ball.
6. Have the ability to determine the proper weight, size of the finger holes and type of bowling ball.

Major Topics

1. History and etiquette of 10 pin bowling
2. Equipment selection
3. Scoring and handicapping
4. Spot bowling techniques
5. Strike marker system

Course Requirements

Other Course Information

PEIA 135 requires the payment of a fee and requires students to meet at an off-campus site.
