Important Information

- The nursing program highly recommends that applicants complete all required non-nursing courses before entering the program.
- In order to progress through and graduate from the nursing program, students must successfully complete all courses with a grade of "C" or better.
- If an applicant earned a D or F grade as the last grade in a course used for admission consideration, even if the applicant is currently enrolled in the repeat, the applicant is not eligible to apply for the nursing program. The applicant must first replace the D or F grade

with a passing grade. Once the new grade has been posted on the applicant's transcript, then the applicant will be eligible to apply during the following admission cycle.

- Applicants who have failed out of a nursing program or have earned two failing grades in another nursing program are not eligible to apply for admission to the CCBC RN program for a period of 3 years, counting from the semester of the failure.
- Applicants who have a W, D or F in a Nursing course at another school, taken within 3 years of the CCBC program start **MUST submit a letter or email** directly from that program's Director stating that they are in good standing with the previous program and could return to that program to continue enrollment.

Transition Course Failure

If students are unsuccessful in the LPN to RN Transition course on the first attempt, they will NOT be permitted to repeat the course. These students may apply for admission to the RN program, and if accepted, will begin the RN program with the first course.
