**What has helped you succeed so far at CCBC?**

What helped me to succeed so far at CCBC would be my workdrive. School is very important to me and my future, therefore I tend to put my all in when doing anything school related. Additional to that are my mentor and professors, who also play a big part in my succession at CCBC with the their knowledge and guidance.

**Why did you decide to become an FYE Mentor?**

I decided to become an FYE mentor because I took an ACDV class in the summer of 2019. The mentors were there to help us and also guide us with the transition from highschool to college. They were great help and I wanted to be apart of their team so that I can make other students feel more comfortable knowing they won't be transitioning on their own.
