

Name: Angel

Primary Campus: Catonsville

Hometown: Baltimore, Maryland

Time at CCBC: Fall of 2017

CCBC Involvement:

- FYE Mentor

Interests/Hobbies:

- Favorite Movies- Jurassic Park, All Star Wars films, and I like most superhero movies.
- Favorite Video games- Star Wars Battlefront 2, GTA.
- Snow leopard is my favorite animal.
- I like animals.

Interesting Facts:

- I am Mexican/Honduran.
- I have a youtube channel.

What has helped you succeed so far at CCBC?

- My friends helped me because they supported me helped me study, made my days better.
- Tutoring has helped me with subjects that I was definitely confused about.
- My teachers have definitely helped me because they gave me the best resources that would help me. For example printable textbooks, saved me lots of money.
- My car has helped me because if I did not drive in 2018 I would have never been able to even attend at Catonsville, Essex, and Dundalk.

Why did you become an FYE Mentor?

Initially I did not even know FYE Mentors were even a thing until the fall semester of 2018. When a kid named Eric told me about it in our Biology 110 class. I was informed however he told me that I should join student life and become a mentor. However, I declined and I did not go for it. The following semester, it was at the very end and I finally decided to become a FYE Mentor. The reason I became a mentor is that I wanted to try new things and meet new people. I also just want to be involved in the CCBC community. I just want to be a part of something. I do not regret my decision! However I do regret not joining Student Life and becoming a FYE Mentor for the spring of 2018. Everyone who I have met are friendly and cool people.
