What has helped you succeed so far at CCBC?

Some things that have helped me succeed so far here at CCBC are just having the support of my mentor, friends and family that push me constantly everyday to keep pushing and moving forward. Also, knowing and learning how to better manage my time between work and school.

Why did you decide to become an FYE Mentor?

I decided to become an FYE Mentor because I felt like I wasn't active enough on campus. Also, because during my first semester, this program provided me with a mentor who was very helpful and gave me a lot of guidance to navigate through my 1st semester. Because I experienced that my 1st semester, it gave me the motivation to apply to become a mentor here at CCBC so that other students can get the same opportunity I received. Being a mentor has made me a better person overall; it has helped me build my confidence, and I have made a lot of new friends and an awesome support system.
