### **What has helped you succeed so far at CCBC?**

- **CCBC has a lot of resocures to help student ,what has helped me succeed at CCBC so far are the writing center and the turtoing center, this place at CCBC are so special and important to me because they help me pass and understand what is going on in my classes.**
- **What has also helped me was having a planar to write all my assignments in .**
- **Going to library to study.**

### **Why did you decide to become an FYE Mentor?**

I joined the FYE Mentor program because I wanted to get out of my comfort zone. Also to know what is going on around my school because my first semester at CCBC I did not join any school organizations and when I heard about the mentor program I was excited because I saw it as an oppurtinty to make an impact in my school community. I did this by helping new students getting accoustmed to their new environment,and making sure to know what resources CCBC has to offer, and where the resources are located. I also joined the program to develop my leadership skills and share to personal experiences.
