- I have a twin brother who is two minutes older than me
- I am looking into traveling to Cape Town, South Africa to volunteer or do an internship hopefully in June/July 2020.
- I speak two languages, English and Chinese

What has helped you succeed so far at CCBC?

- Getting outside my comfort zone has been the biggest thing to my success. When I started CCBC I wanted to do all the things I could not do in high school, like getting good grades and getting involved. I was ready for the challenge and I have embraced every single opportunity that has been open to me as a student at CCBC.
- Finding that support system has been the biggest help to get over my hurdles. The Honors Program, Phi Theta Kappa, FYE, and Student Life has been that huge support system to help me solve my problems and excel as a student and a leader.

Why did you decide to become an FYE Mentor?

- I decided to become a mentor because I wanted to help and guide new students to show them that CCBC is a great start to their careers. Also, I want to present my story on how I started and where I am now. I wanted to be that resource that new students could come to for any questions or concerns they have about CCBC. I have enjoyed my time as a Mentor so far and I look forward to reaching out to new students and helping more out.
